Faith Lutherans set to enlarge facility

The members of Faith Lutheran Church in Riverside have commissioned the building of a new sanctuary to accommodate their expanding membership.

The \$400,000 structure, adjacent to the existing facility at 4785 Jackson St., will seat 350 persons but ultimately will be enlarged to seat 500. Funds were provided by the contributions of church members. Construction began in June and completion is scheduled for late November.

The sanctuary will enclose 6,000 square feet and include classrooms, day-care facilities, administrative offices, a youth activity center and landscaping. An outdoor amphitheater also is under construction at Faith Lutheran.

Faith Lutheran Church, 4785 Jackson St., new building, \$400,000.

Faith Lutheran Church, 4785 Jackson St., alteration, \$15,000.
